

COLORADO
Department of Transportation

Standards and Specifications Unit
2829 W. Howard Place
Denver, CO 80204-2305

DATE: July 31, 2019
TO: Colorado Counties and Municipalities
FROM: Neil Lacey, Project Development Branch *NL*
SUBJECT: First Annual Publication - Standard Specifications for Road and Bridge Construction, 2019

The Department has published the 2019 edition of the Standard Specifications for Road and Bridge Construction. This edition supersedes the 2017 edition. Additional information on the 2019 Standard Specifications, including a list of significant changes, can be found by accessing the Construction Specifications page on the Department's web site: <https://www.codot.gov/business/designsupport/business/designsupport/cdot-construction-specifications>.

The Department of Transportation will begin use of the 2019 edition on all projects advertised for bids after October 1, 2019. The PDF is available now online.

This is the first annual publication. Future years will follow the same publication schedule unless otherwise given notice.

You may wish to use these specifications for your road and street construction program. Please be aware that if you reference these specifications for your contract work, you will be responsible for furnishing your prospective bidders copies of the specifications along with any addenda that may affect the contract.
